REMARKS IN REFERENCE TO PATENT
APPLICATION # 10/082,515

The enclosed revision to our application is a duplicate of a previous submission mailed EXPRESS MAIL 9-13-06, that appears to have been lost. Enclosed is a copy of our bank statement, carbon copy of check and receipt from UNITED STATES POSTAL SERVICE.

Enclosed are a revised list of claims, a marked-up specification with the original content and previously amended paragraphs that have been properly numbered and a clean copy of claims and specification which includes no new matter, reflecting the original intent of our claims revisions of July 6, 2006. We have chosen to pursue the apparatus of the biogas system, (class210 subclass 603). We have canceled Claims 1-4 & 9-17, effectively removing all references to a mixing system & a greenhouse system as pursuant to our conversation with Fred Prince our examiner.
